

Nordic championships in spearfishing

Welcome to the Nordic spearfishing championships that we will hold in Faroe islands the 31/8-6/9 2026

The competition area will be in the fiords of Klaksvik and Arnafjordur. Both places we have previously dived and found a good population of flatfish, cod and pollack.

Faroe Islands have very strong currents and divers should be aware of this diving outside the competition zone.

Competition areas

Competition days and areas can be changed if weather dictates, this will be done in collaboration on captains meeting.

In Klaksvik we will start in three areas, in the very end of the fiord and on both sides of the fiord further out towards the sea near the harbour of Bordoyavik and Nordoyri Spælliplass.

We will dive Klaksvik Saturday 5/9 from 10.00-15.00

The goal area is the middle area, that is also most suited for beginners with gentle sloping bottom with freeswimming and flatfish.

In Arnafjordur we will start in two areas

One near the church from the beach and one next to the harbour.

We will dive Arnafjordur 4/9 from 10.00-15.00

Goal area is the beach area, which is also most suited for beginners.

Arnafjordur is most weather exposed and the most likely place to be changed.

Housing

Denmark booked a scout cabin with room for 40 people, we pay 3.000kr per day for the cabin.

Hopefully we will be at least 25 people so the price for housing will be around 900 DKK per person for the period. That depends on the number of people coming.

Food

The teams need to cook food themselves, or can eat out depending on budget.

Team Denmark will arrange breakfast.

Regulation

Maximum 5 fish per species for the weighing, you can catch more.

Minimum length 40cm for pelagic species and 30cm for flatfish.

Competition time 5 hours

It is required to perform buddy diving when diving deeper than 15m. You need to dive in a pair with one up and one down. The athletes can fish in the competition alone if you dive to a maximum of 15m, if you want to dive deeper you need to pair up with another diver that also want to dive deep. It is possible to dive deep first in the competition in pairs and then later dive alone in the more shallow waters.

Breaking the buddy diving regulation will cause disqualification for the day.
